

MODULE 3 SQL + FLASK

[Update Analysis](#)

Grad Cafe Data Analysis

Analysis refreshed with the latest database results.

Database Refresh

[Pull Data](#)

Pull Data starts the Module 3 Grad Cafe scraper pipeline, cleans any newly collected records, attempts to refresh LLM fields, and reloads the PostgreSQL applicants table. Update Analysis refreshes this page with the current query results when no data pull is running.

● Analysis is up to date.

1
